Girl Eagles To State Tourney,

Boys To Regional

Canyon's Girl Eagles will seek their third state championship in seven years this weekend as they travel to Austin to play Center on Friday night.

Canyon's Boy Eagles head into the regional tournament for a bi-district and hopefully a regional championship try this weekend in Levelland.

The Boy Eagles take on Andrews in the bi-district outing at 7:30 p.m. Friday in Texan Dome in Levelland.

The Girl Eagles will play Center at 7 p.m. Friday in Gregory Fieldhouse in Austin.

If the Girl Eagles win Friday night, they will play Saturday night for the state championship against the winner of a Friday night tilt which pits Calhoun High of Port LaVaca against Conroe.

If the Boy Eagles win Friday night, they will play for the regional championship Saturday night against the winner of Friday night's tilt which sees Lamesa against Vernon. The Saturday night game will be at 8 p.m. at Texan Dome.

Coach Bob Schneider said his team will leave at 8 a.m. today on the bus for the trip to Austin.

He said he's talked with coaches of teams who've played Center, but he's never seen the team himself.

Center is undefeated this season and has won 22 games. They beat Duncanville in the regional championship game last weekend.

Schneider said Center has three starting forwards who are 5-5, 5-6 and 5-9 in height. Their guards are 5-11, 5-9, and 5-6.

"They'll have a little height advantage on us," he said. "They're a quick team and do a good job of handling the ball."

Schneider said his Girl Eagles have had experience against Calhoun. The girls played Calhoun in the first game of the state tournament last year and beat them by four points.

He said Conroe has a 29-1 record and Calhoun has lost only one game.

Schneider said his girls have been working on the fundamentals this week and plan to play their own game in the state tournament.

"We'll have to approach it where we play our own brand of ball," he said. "We need a lot of poise and a lot of pride."

Schneider will take a healthy team to the state tournament after the flu wrought its losses last week.

Boy Eagle Coach B.B. Kendrick said his first game Friday night could be a tough one. An-

(See EAGLES, Page 2)

One man was killed and several Canyon school students injured early Wednesday in a car-school bus accident north of the city. The bus, pictured above, overturned, landing on its top. The car was demolished. No students were seriously injured in the accident, which occurred about 8 a.m. on the Canyon Expressway.

City Hurts On Fuel Bid

The City of Canyon, unable to find any dealer willing or able to bid for a year's supply of gasoline, will negotiate a contract with the dealer who supplied gasoline last year without letting bids for the fuel.

City Manager George Loudder told city commissioners Monday night he's contacted all local dealers and while they've said they'd like to bid they've declined because of lack of supplies.

Loudder said commissioners can expect that the contract will not be for a stable price for gasoline and will probably include a clause calling for prices to increase as they increase for the supplier.

"To bid it would be an act of futility," Loudder said.

Loudder pointed out that Consumers' Fuel Association of Canyon, which will be contacted for a contract renewal, "took a real beating last year."

He said the company provided the city's gasoline for about 20.4 cents per gallon, about 11 cents under the cost of the fuel to the company.

In other business, com-

Last Year's Wheat Crop Puts County In Top Ten Producers

Randall County ranked in the top 10 wheat producing counties in the state in 1973.

Texas Agriculture Commissioner John C. White announced this week that wheat production increased from 1.488 million bushels in 1972 to 4.244 million bushels in 1973. That's an increase of 2.756 million bushels.

White said farmers in the county harvested 131,000 acres of wheat and averaged 32.4 bushels per acre.

Ochiltree County led the state in wheat production with a total yield of 6.890 million bushels.

White said Texas ranked 6th in the nation in wheat production. Texas farmers harvested 3.4 million acres of wheat and averaged 29 bushels per acre.

Randall County Agent John Brazzil said wheat prices during the summer of 1972 averaged between $2.50 and $5 per bushel.

With those prices, the crop was worth about $12 million to Randall County farmers.

"That's by far a record for Randall County," he said of the amount harvested and the price reaped by local farmers.

Continuous rain or snow throughout the winter of 1972 paved the way for the record crop. Governmental easing of restrictions on acreages planted also aided the planting of a record number of acres in wheat.

Brazzil said farmers planted at least as many acres this year as they did in 1972, but weather conditions have been far from favorable for growing this winter.

"It's difficult to predict what the crop will be," he said. "We're not prospecting for a big crop. But, we're still waiting on what the dryland situation will be."

Lack of moisture has plagued this year's crop as has a mass greenbug infestation during the fall months.

The county had no significant moisture since August until recently when mild snows and

Bus-Car Wreck Kills Man; Kids Slightly Hurt

By ANN MELIN

An area man was killed and about 40 Canyon school children and their bus driver badly shaken but not seriously injured in a collision early Wednesday which sent a Canyon ISD bus rolling over twice to land upsidedown near the Kimbrough Stadium entrance north of the city.

The accident, which occurred at about 7:50 a.m. resulted in the death of James Monroe Reed, 75, of the Palo Duro Club. He was pronounced dead at the scene by Justice of the Peace W.A. (Bill) Wilson.

Suffering minor bruises and scrapes were 30 Canyon Junior High School students, seven CHS students and three Rex Reeves Elementary students who were riding on the bus. The driver of the bus, Jerry Wayne Green, a West Texas State University student, suffered minor injuries.

Texas Highway Patrol officer Richard Ayala, said the bus was southbound on the Canyon Expressway east access road when Reed, northbound on the same road, crossed over the median, apparently to enter onto the four-lane expressway.

Ayala said bus driver Green claimed to have seen Reed signal prior to crossing the median.

The car struck the left front quarter panel of the bus, causing heavy damage to the vehicle. The bus rolled over twice, landing upsidedown on the median separating the expressway and the access road.

Officials worked for about 25 minutes trying to remove Reed from his auto, the front of which was demolished.

CHS student Wade Webster, a bus passenger, said removal of the 40 school children from the bus was accomplished rapidly — "it took us about five minutes to get 'em all off," he said.

"It happened so fast we really couldn't tell what was going on," Webster said. "Me and some of the other boys started getting the kids out the emergency exit. They was all screamin' but didn't look like any of 'em were hurt very bad. People drivin' by stopped to help us, and some of the parents arrived after a while. Some of the parents were really shook up — a few of 'em passed out."

Seventh grade student Billy Carney described his impressions of the accident:

"We were all of us sitting in our seats — none of us was standing up. All of a sudden Jerry threw on his brakes — we figured maybe he just missed a stop sign or was stopping for somebody who missed the bus. We rolled over. Gave me the shivers. The girls were all screaming. Some of the boys jumped off the floor and ran

DA Hits Amarillo's Metro Grant, Predicts Action May Doom Unit

Randall County Dist. Atty. George Dowlen, declaring that blame for a certain ineffectiveness of the Metro Unit could be levelled at the City of Amarillo, predicted this week that a meeting soon to be called of the unit's board of governors will spell either the continued operation of the unit without control by Amarillo or a dissolution of the unit altogether.

Dowlen, who said there seems to be some contention now that he's not a member of the board of governors, said no date has been set for a meeting of the board of governors, which set policy for the Metro Unit. Dowlen said unidentified sources at work have claimed his membership on the board of governors is void.

Dowlen's remarks followed a story in the Sunday News which said the City of Amarillo has requested a grant for another year of funding of the Metro Unit, but in doing so ignored several resolutions passed by the board of governors.

He predicted that if Amarillo does not yield in its continued ignoring of board of governors' wishes, participating governmental entities may decide to withdraw support from the unit.

Randall County Commissioners voiced concern over the handling of the Metro Unit during their Monday afternoon meeting and Commissioner Bill Butler called for a joint meeting next week of all participating agencies. Those participating are Randall and Potter and Deaf Smith Counties, the City of Amarillo and the City of Canyon.

The county commissioners' concern is centered in another area, according to County Judge Woody Pond.

Pond said commissioners are concerned the Metro Unit might split off from any governmental entity control and become another police organization.

"They would like more information than they have at this particular time," he said. "They also are concerned with just why they want to get it disengaged from the Amarillo Police Department.

Dowlen contended this week that Amarillo Police Department policies have impeded the work of the Metro Unit.

He said when the unit was formed three years ago, the APD dissolved both its intelligence unit and its vice squad and turned over those cases to Metro.

"There are certain difficulties which have arisen concerning what the board of governors feels is too much control by the City of Amarillo for the unit," he said.

The city has prepared a grant request which would leave the Metro Unit under its control and in its building, two inclusions which violate resolutions passed by the unit's board of governors in December.

"Personally, I feel the major-

Canyon Schools Named Outstanding By State

The Canyon Independent School District has been named one of seven "exemplary" school districts in the state in its population category.

Supt. Jerry Jacobs announced Tuesday night that a department of the Texas governor's office has named the district for the honor.

In a letter to the district from Ben Dowd, director of planning in the governor's office of educational research and planning, the nature of the honor is outlined.

"Our office has now completed its reputational study to identify school districts whose educational programs are considered 'exemplary' in each of six categories," Dowd writes. "We are pleased to inform you that your district has been chosen as one of seven school systems in its category.

"To be so identified by professional leaders of public education is a compliment of the highest order."

Jacobs said schools in six population brackets were chosen for the recognition, which is a part of the governor's program to identify high-standard districts for use in a study of the relationship between tax base and educational quality.

As a recipient of the honor, the

(See SCHOOLS, Page 2)

Board To Meet On Choir Trip

Canyon School board members will meet in special session behind closed doors Monday night with parents of high school choir students involved in an incident two weeks ago while on a choir trip to Houston.

Board members talked with about four parents Tuesday night during their regular board meeting and one parent asked that the meeting be held in executive session.

Several parents of choir students who were caught in a bar in Houston two weeks ago complained to The News last week of the discipline meted out by school administrators following the incident.

One parent told board members Tuesday night she had a prepared statement but agreed to air her gripes in private Monday night.

Only parents, students involved, board members and high school administrators will be allowed in the closed-door meeting.

In other business Tuesday, board members voted to continue paying school teachers in the local district at a rate $500 above the state schedule for salaries.

The continuation of the payment was recommended by the Joint Professional Communication Committee of the district.

Base pay for a teacher with a bachelors degree and no experience is $6000 per year, Supt. Jerry Jacobs said.

Board members also voted to

Gas Shortages Increase As End Of Month Nears

The availability of gas in Canyon worsened this week as local service station operators peered ahead to another two weeks of shortages and predicted that March won't be any better.

Several service stations have been forced to operate on a restricted schedule, operating only a few hours each day for five days each week in order to have enough gasoline to finish out February.

Local service station operators are still receiving an allocation based on the amount they used in 1972 less 10 per cent.

One operator noted that he runs out of regular gasoline by noon each day and is closed both Saturday and Sunday. He's allowed to pump only about 600 gallons of regular each day and 287 gallons of ethyl. During one month in 1973, he pumped 49,000 gallons.

"It's going to get worse," he said flatly.

Roscoe Richardson, owner of Brasher Oil Co., local jobber, said his supply of gasoline will probably last until the end of the month but only because he's cut his farm customers to the amount only which they definitely need.

"I'm not saying we will make it," he said.

Richardson is operat-

Flood Control Act Could Hamper City Developments

A newly signed federal act on flood control in municipalities could stymie the growth of developments in Canyon, City Manager George Loudder said this week.

The act, signed by President Nixon late last year, says that lending institutions insured by the federal government may not make, extend or renew loans made for construction in flood prone areas after July 1975.

Canyon is virtually ringed by flood prone areas, as identified in 1971 by a Corps of Engineers flood plain study and several developments in Canyon are bordering on the flood plain area marked off by the Corps in that report.

Canyon city commissioners must pass flood plain construction regulations before July 1975 for locals to be able to receive special federally subsidized or wholly federal insurance against flooding.

Commissioners considered an ordinance Monday night which outlines regulations for flood prone areas and Loudder was instructed to do more research and then present a report to the city's planning and zoning commission.

Loudder said certain restricted types of construction can be carried out in flood prone areas if the city passes its regulations.

But, he said, he fears that housing construction in flood plain areas will be out of the question.

Already one development in south Canyon is encroaching on the flood plain identified by the Corps of Engineers report.

FROM THE CANYON RIM

Intellectuals who defend the communist bloc should take note of what has happened to fellow-intellectual Alexander Solzhenitsyn.

Last week I attended a discussion on the relative merits of Cuban dictator Auturo Batista and his successor Fidel Castro. Point in question seemed to be which was best for Cuba.

It is a moot question. Both have been bad for Cuba. Both are indefensible. Under neither has there been any semblence of freedom or self-determination.

It's about like debating which would be best to have untreated, smallpox or typhoid fever. Both will kill you. Personally, I'd pick typhoid fever. I think it might be a less painful way to die.

If I had to live under one regime or the other I would choose that of a Batista because Castro has proved himself a notorious butcher. He almost depopulated the island just after he came to power.

Refugees coming out of Cuba are at variance with some American economists in their assessment of the health of Cuba's economy. They tell of continuing austerity while some intellectuals here paint pictures of relative affluence.

Mike Tarrab, former member of the Castro government who fled after becoming disillusioned with Fidel, made a telling point in the discussion. The point was that after 15 years of Fidel there have been no elections and no personal freedom in Cuba.

This is inherent in any dictatorship, especially in a communist dictatorship. The very survival of the communist state depends upon completely smothering freedom.

Any chink in the armor will result in an upheaval the like of which we saw recently in Chile. Yet there were those among us who looked upon Chilean President Allende, the vulture of Santiago, as a benevolent man destined to rescue his people from Yankee imperialism.

The defense of communist dictatorships by intellectuals causes me to sometimes doubt the intellect of the intellectuals who do it.

Individual thinking, except along lines of technology, must be considered treason by those in power.

This is what Solzhenitsyn was accused of when he was thrown into Stalin's prison. He was again accused of treason when he faced a mock firing squad a short time before his recent deportation to West Germany.

Solzhenitsyn, who may emerge as the most courageous man of letters of the Twentieth Century, committed the crime of laying bare the mass murders and imprisonments which brought Vladimir Lennin to power and has sustained his successors. Dictatorships are watered with blood.

"He who controls the past controls the future," said George Orwell in his book "1984." Solzhenitsyn has effectively wrested the past from the beasts of the Kremlin, beasts none the less in spite of detente.

In so doing he has won the first battle in the struggle for the future.

"Woe to that nation whose literature is cut short by the intrusion of force. This is not merely interference with freedom of the press but the sealing up of a nation's heart, the excision of its memory," wrote Time Magazine this week.

I cannot see how genuine intellectuals could have any good word for those who have oppressed this Russian giant.

I would count it an unspeakable privilege to shake the hand of Alexander Solzhenitsyn.

* * *

Every president in trouble since the time of Lincoln has dug out the old stovepipe hat of the great emancipator.

It was not surprising last week when Richard Nixon visited the Lincoln monument and appropriated for himself the mantle of the Civil War President.

Nixon's Lincolonizing his present position is not valid.

As far as I can remember my Civil War history, Honest Abe's integrity was never questioned even by his bitterest detractors nor was he ever accused of using the power of the Presidency for personal gain.

Canyon district will provide data to the governor's office for the comparative studies in school district financing.

Jacobs said three of the other six listed as exemplary in the Canyon-size towns category have substantial oil and oil industry wealth for taxation purposes.

Dowd explained that data regarding these selected schools will be used to define "quality" in terms of school finance descriptors for presentations to the governor and legislature.

"The Governor, the leadership of the Senate, and the leadership of the House are all committed to the comprehensive restructuring of our present finance system by 1975-76," Dowd said.

The effort is apparently part of a program to identify the relationship between amount of taxes raised by a district and quality of education offered by the district.

A federal lawsuit began a search in Texas several years ago for ways to finance school systems equally. The Supreme Court heard the suit.

Choir. . .

(Continued from Page 1)

add two courses in Bible Literature to the high school curriculum after high school principal John Sommer said a survey of students showed interest would probably be sufficient to warrant the course offerings.

The Canyon Ministerial Alliance requested the courses be added.

Board members agreed to pay a salary of $733 to the teacher of the course with the alliance responsible for raising through donations as much of the salary as possible.

The board discussed the possibility of contracting with a firm for maintenance of all heating and air conditioning equipment in the district's schools.

Jacobs said cost of the contract would be about $36,000 per year. He said the firm has estimated replacement cost for the current heating and air conditioning equipment at about $675,000.

He said the school district staff is evaluating the firm's proposal.

The board approved the rehiring for next year of all school principals, vice principals and counsellors.

Flood. . .

(Continued from Page 1)

The flood plain, in addition, covers a small amount of acreage in north Canyon in the Hunsley Hills development and to the east.

The Corps flood study was on Tierra Blanca Creek to the south and Palo Duro Creek to the north.

The flood plain identified by the Corps to the south extends several hundred feet on either side of Tierra Blanca Creek. To the north, the flood plain is narrow along the route of Palo Duro Creek.

Loudder said no houses are currently in the flood plain.

He said the regulations passed in the recent act mean that housing development in flood prone areas will be severely limited even with dirt fill-in.

He said he doubts that home construction will be feasible in the flood plain under the regulations.

The ordinance Loudder presented commissioners Monday night lays out five basic restrictions on construction in the plain.

Under the ordinance, building permits will be eyed closely before issued for construction of any type in flood plain areas.

Gas. . .

(Continued from Page 1)

ing on an allocation equal to the amount he sold in 1972 less 25 per cent.

He said his diesel and LP gas supplies are adequate.

Don Sheets of Consumers Fuel Association said his gasoline situation has bettered.

He said gasoline not for agriculture use only is in short supply, but gasoline allocated for agriculture has a high priority.

"It's not as bad as it looked like it might be," he said.

One local operator, who runs a wholesale and retail outlet, said he'll probably close his doors before the month is ended in his retail business due to the shortage.

He said local independents, who own their own stations and purchase gasoline from major oil companies, are getting no gasoline and cited his own firm as an example.

He said the major companies have declared they have no obligation to provide gasoline to those owners who have their own stations.

In effect, he said, this reduces sizeably the amount of gasoline available in Canyon.

City. . .

(Continued from Page 1)

missioners authorized Loudder to acquire right-of-way for construction of an underpass at 15th Street and U.S. 60 in Canyon.

Loudder said the city acquires the right-of-way after federal and state highway agencies negotiate the price to be paid and once the price is set no deviation is allowed.

Three property owners to be affected by the construction appeared before commissioners Monday night, but Loudder talked with them individually during the meeting.

A resolution outlining the city's responsibility for sharing part of the burden of construction costs for the underpass was also passed by commissioners.

The resolution requires the city to pay for curb and gutter on the service roads which will be built in the project. Cost of the curb and gutter will be about $17,500. The amount has been set aside in the city budget.

Contracts are to be let in March for construction of the underpass which will link Hunsley Hills addition with Canyon proper.

Commissioners also voted to employ Bob Davis of Columbian Securities to serve as financial advisor for the city in construction of a new million dollar civic center complex.

Davis outlined briefly short-term financing available and recommended the city use certificates of obligation for financing about $600,000.

Loudder said the certificates will be paid off in a short period without a rise in taxes for that purpose.

Eagles. . .

(Continued from Page 1)

drews fields a tall team which likes to guard the baskets and make the opposition take long shots.

Andrews has two team members who are 6-6 in height and a 6-3 starter along with a 5-9 boy and one who's 5-11.

Kendrick watched the Andrews team recently and said they're not overly aggressive and depend a great deal on the size of their players to overwhelm the opposition.

The key to the game, he said, will be outside shooting and he sees Canyon's strong point as shooting from the outside.

"We'll have to be able to hit the 15-18 foot shots to win and I'd say that's our strong point," he said. "It'll be a match-up of size versus shooters."

Kendrick said the Eagles have more speed and aggressiveness than the Andrews team.

"I expect us to play a good ball game," Kendrick said, noting that shooting is the kind of variable which can come in spurts.

"The kids are excited about getting to play," he said.

Wreck. . .

(Continued from Page 1)

to open the emergency door and get everybody out.

"Our bus driver, Jerry, he went through the windshield, but it didn't hurt him bad. He ran to see how us kids were — like he cared more about us than himself."

Carney, like most of the students on the bus, was at school by midmorning. However, the seventh grader got a release to go home soon after he arrived. "I'm just too scared and shook up," the youngster said.

Following the accident, about 10 children were taken to Neblett Clinic where they were treated for minor bruises and scrapes and released. One CJHS student, Connie Coffelt, suffered a broken ankle and was taken to an Amarillo physician.

School Superintendent Jerry Jacobs said all students aboard the bus were to be taken to the hospital Wednesday for observation for possible injuries.

School officials who arrived on the accident scene shortly after 8 a.m. said they were "extremely relieved," when, after seeing the condition of the toppled bus, they received reports that none of the children were seriously hurt in the accident.

"We had the conditions here for a possible disaster," said CHS principal John Sommer. "All I can say is we are extremely fortunate that it wasn't worse."

School official Bobby Byrd said the bus involved in the accident is designed to carry a maximum of 65 passengers.

Wheat. . .

(Continued from Page 1)

light rains left nearly and inch of moisture on the croplands.

"With the right conditions we could still have a reasonable chance to make wheat if the crop's still alive," he said.

But, Brazzil said, the current condition of the crop is "not anywhere near what it should look like if we were speculating on a big crop."

The 1972 crop totalled more than did crops harvested in the 1950s.

Metro. . .

(Continued from Page 1)

ity of problems Metro has had in the past since its inception have been caused by the City of Amarillo discontinuing its intelligence and vice divisions," Dowlen said.

He said the unit has "never functioned as it was designed to function when it was originally set up.

"And, I trace this directly to the fact that the Metro Unit has had to program too many menial functions that the APD should have done," he said.

In light of the revelation that the City of Amarillo had ignored the governor's wishes and applied for a grant similar to that sought and granted last year, Dowlen said he expects the meeting to be scheduled soon of the board of governors "to be something else."

"I would think if the resolutions of the board of governors are ignored there might be a mass exodus of members from Metro," he said. "Perhaps the remaining governmental entities will choose to go their own way with either a new grant or a more informal unit funded strictly by the governmental entities."

The City of Amarillo grant proposal, written up by Metro Chief J.T. Carver, calls for the unit to remain in the Amarillo Police Department and asks that Carver be a member of the APD. It also asks that Amarillo remain as grantee of the unit.

All three of those sections conflict with the board of governors' resolutions.

They called for Carver to be hired by the board of governors, for the unit to be moved from the APD and for Potter County to be the grantee.

Included on the board are Dowlen, Potter Dist. Atty. Tom Curtis, Amarillo Police Chief Paul Hulsey, Canyon Police Chief Al Stewart, Potter County Sheriff T.L. Baker, Randall County Sheriff Cliff Longest and a representative from Deaf Smith County.

Indoor Track Meet Fri.

West Texas State University, led by its strong field event entries, competes Friday at Des Moines, Iowa, in the annual Missouri Valley Conference Indoor Track Championships.

While West Texas has strong entries in a few events, Drake, the defending champion, is again ranked as the pre-meet favorite. North Texas State and Wichita State also have strong teams.

Carl Brown, senior from Van Vleck, will make a bid to complete a domination of the two hurdle events which he started as a freshman. Brown has won both the 50-yard high hurdles and the 50-yard intermediate hurdles for each of the last three years.

Brown's MVC record in the 50-yard highs is 6.1 and his conference record in the intermediates is 6.0. He has matched the high hurdle time this season and his best in the intermediates this season is 6.1.

One of Brown's competitors will be teammate Terry Penn, a freshman from Odessa. He has a 6.2 clocking in the 50-yard highs and a 6.1 time in the intermediates.

Besides Brown and Penn, West Texas State's most consistent runner this season has been Pampa freshman Rick McGuire. He has a 32.7 time in the 300-yard dash and is unbeaten in two starts at that event. Paducah freshman Alvis Wright also has a 32.7 time in the 300, but has not beaten McGuire in that event. Wright has a 6.1 time in the 60-yard dash.

Leading coach Bob Kitchens' field event crew are his weight men and his vaulters. Dennis Briggs has a 54-1 effort in the shot put, which is good for a WTSU indoor record.

Marvin Self has thrown 52-4, while Charlie Haddad has a 50-7 effort and Mike Delaney's best is 47-8.

Junior college transfer Mike Walker from Seminole has vaulted 15-3 for a new school indoor record. He and Odessa freshman Tommy Humphries had set the school mark with tied 15-1 efforts, but the new mark was established last week. Max Moss has cleared 14-0 and Pete Moody 13-6.

Hereford junior George Fuller has long-jumped 22-11¾ for a new school indoor mark and has a 43-11 triple jump. Gary Six has high jumped 6-6 and Penn has a 6-5 best effort.

Freshman quarter-miler Larry Marlar has a best time of 51.4. Steve Nieman, freshman from Hereford, has run 1:16 in the 600. Dave Karila, another of Kitchens' fine freshmen, has a 1:58.2 best in the 880. Larry Lane set the school 1,000-yard run mark earlier this year with 2:16.2.

The Buffalo mile relay team of Wayne Cure, Rick McGuire, Nieman and Marlar ran 3:25.1 last week in a dual meet with Oklahoma State.

Three Canyon High FFA members watch Dennis Smith, center, butcher at a local supermarket trim beef for retail sales Tuesday as part of the instruction in their feedlot course at CHS. Walter Henson, left, Dan Wilhelm and Gary Reynolds watch the operation. This week is FFA Week in the city.

Four Canyon High School FFA members break ground for a large sign they will build and erect about two miles south of Canyon to welcome travelers to the city. Jody Donnell, left, reporter of the chapter indicates the old FFA sign and Gary Castleman, chaplain, Dale Berry, president, and Walter Henson, treasurer, put the spade to the soil in the ground-breaking. FFA Week began in Canyon Monday and continues through this week.

Buffs Host Aggies Today

West Texas State University's Buffaloes, attempting to snap a four-game losing streak, host New Mexico State's tall and talented Aggies at 7:30 p.m. today.

The Buffaloes of coach Ron Ekker suffered a heart-breaking 63-61 overtime defeat in Amarillo Monday night to Pan American.

Pan American guard Jesus Guerra converted on a three-point play with 24 seconds remaining in the regulation playing time to tie the game at 59-59 and send it into overtime.

After an exchange of baskets early in the overtime period, Pan American stalled the ball, waiting for a final shot. The shot was missed, but big Carlos McCullough rebounded and hit a short jumper with two seconds showing on the clock for the Pan Am victory.

West Texas State's Howard Taylor broke out of a scoring slump to hit 21 points and lead the Buffaloes. Reginal Ramey contributed 18 points and 11 rebounds.

Coach Lou Henson's Aggies will provide West Texas with its largest opponent of the season. Heading the list of Aggie starters is 7-1 Roland "Tree" Grant. The Philadelphia senior is scoring 16.3 points per game and averaging 10.4 rebounds.

Henson starts 6-7 senior Hal Robinson and 6-8 Jim Bostic at the forwards. Robinson is hitting 13 points per game and supports an 8.4 rebound average. Bostic is scoring 10.5 points per game and has an average of eight in rebounds.

The guards most of the year have been 6-0 John DiBiase and 6-2 Steve White, but freshman Richard Robinson, 6-3, 170-pounder from Hobbs, N.M., is making a strong bid to start.

Robinson, in a reserve role, is averaging 7.9 points per game. White has a 6.2 scoring mark and DiBiase is scoring five points per outing.

The Aggies are 12-9 overall and hold a 5-4 mark in Missouri Valley Conference action.

West Texas, which suffered a loss on regional television in Amarillo to first place Louisville and then lost on the road to Wichita State and North Texas State before Monday night's defeat, has a 9-11 season record.

The Buffaloes are 3-6 in Missouri Valley action. Thursday's game will be the first meeting this season of the two teams, but New Mexico State is the oldest current rival on the Buffs' schedule. In 60 past games the schools have split even, with each team winning 30.

Ramey continues to pace the Buffaloes in scoring — hitting 16.9 points per game. The 6-6 sophomore from Philadelphia has also taken over the team rebounding lead from guard Joe Cosey. Ramey has 166 rebounds for an 8.3 average and Cosey, who was held to five rebounds against Pan American, has 164 rebounds.

Taylor pushed his scoring average to 14.2 for the year. Cosey is hitting 13 points per game and 6-8 sophomore Dallas Smith supports an 8.6 scoring average. Smith is third in rebounding with an 8.2 average.

Dana Albright, 6-7 junior college transfer, started against Pan American and pulled in eight rebounds. He is scoring 3.1 points per game. Reserve forward Hector Rodriguez is the team's fifth leading scorer — hitting 3.2 per outing.

Following Thursday's game the Buffaloes travel to the University of Texas-Arlington for a Saturday game and to Abilene for a Monday night contest against Hardin-Simmons.

Lineman Signs With WTSU

Mike LaBrie, a standout defensive lineman from Burkburnett, has signed a Missouri Valley Conference football letter of intent with West Texas State University.

The 6-2, 205-pounder is the second high school player to be signed by the Buffalo coaching staff and the tenth athlete to be added this semester. The Buffalo coaches had earlier signed Lamesa High lineman Trip Chastain and eight junior college transfers.

LaBrie, who runs the 40-yard dash in 4.8, was a two-year starter at Burkburnett High School for coach Pat Smiley. Burkburnett had a 10-3 record his junior year and was 7-3 this past season.

The son of Mr. and Mrs. Leonard LaBrie earned all-district honors as a defensive end this past season. He also started on offense as an end.

Besides playing football, he also started at third base on the Burkburnett High baseball team.

"Mike has good quickness and is highly aggressive," said Smiley.

Golfers Try In Ft. Worth

West Texas State's golf team competes Friday and Saturday in the Fort Worth Recreation Tournament against many of the top collegiate teams in this part of the nation.

The Buffaloes left for Fort Worth Wednesday and are to play at the Rockwood Golf Club Thursday in a practice round.

Coach Vern Farquhar's team is paced by number one man Jerry Boeka, an Amarillo senior. Others making the trip are Andy Lawler, Richard Wolf, Junior Salinas, Randall Burton and Mas Tenorio.

Workshop Here For Musicians

Research methodology in music therapy is the theme of a two-day workshop for 30 West Texas State University and Eastern New Mexico University students today and Thursday.

"We have noted the eye- or ear-mindedness in learning of different people, and we want to determine which way to apply this knowledge to learning disabilities," said Martha Estes, WTSU assistant professor of music therapy.

The workshop is led by Lewis Burger, experimental research consultant from the University of Tennessee. A former cellist with the Boston Symphony, Burger has originated research projects for Southwest Research Institute.

Topics discussed include the use of rhythm to promote speech, and the use of music as a positive reinforcer in promoting speech skills such as reading, hearing and speech.

NOTICE OF PUBLIC HEARING

Notice is hereby given to all persons owning, claiming, or interested in property abutting upon the street projects listed below that the City Commission of the City of Canyon has determined that a public necessity exists for the permanent improvement of the streets listed by raising, grading, and filling the same and by constructing thereon paving, and curb and gutters on the street projects, together with the necessary incidentals and appurtenances in accordance with the plans and specifications therefore prepared by the City Engineer.

1. 13th Avenue from 20th Street to 23rd Street.
   a. Estimated total cost of the improvements $16,127
   b. Estimated amount per front foot proposed to be assessed against the owners of the abutting property $8.00
2. 7th Avenue from 4th Street to 6th Street
   a. Estimated total cost of the improvements $13,736
   b. Estimated amount per front foot proposed to be assessed against the owners or the abutting property $8.00
3. 24th Street from 7th Avenue to 8th Avenue.
   a. Estimated total cost of the improvements $3,149
   b. Estimated amount per front foot proposed to be assessed against the owners of the abutting property $7.14 for property owners without curb & gutter, $4.28 for property owners with curb & gutter

A public hearing will be held before the Canyon City Commission, in the Canyon Community Center, 300 16th Street, Canyon, Texas, at 7:00 P.M. on Monday, **March 18, 1974**, at which time all of said owners or their agents or attorneys or other interested persons are notified to appear and be heard on the question of benefits of said abutting property by reason of said improvements and the amount to be assessed against each owner and his abutting property or any other matter or thing in connection therewith, which hearing may be adjourned from day to day until fully accomplished.

The City Commission shall have the power to correct any inaccuracy, error, or invalidity and supply or makeup any deficiency to determine the amount of the assessments and all other matters relating thereto.

Signed this the 18th day of February, 1974.

Bob Moore, City Clerk

Advertisement for Bids

Sealed bids will be accepted until 2 p.m., Wednesday, March 6, 1974 in the Office of the Business Manager of West Texas State University on Boiler and Machinery Insurance in accordance with specifications available from that office. Bids should be submitted subject to later satisfactory inspection of the boilers insured in order that the minimum time available not limit the number of bidders. If a dividend endorsement making a dividend a possibility would be a part of the policy, this fact should be stated. Bids should be sealed and clearly marked "Boiler and Machinery Insurance Bid". Each bid should include the A.M. Best rating of the carrier. Bids should be only on the basis of a total prepaid premium. West Texas State University reserves the right to reject any or all bids and in the case of tie bids to make the award to serve the best interests of the University. Final award will be made by the Board of Regents, West Texas State University.

NO. 2957

ESTATE OF ETTA MAE CRUMP, DECEASED. IN THE COUNTY COURT OF RANDALL COUNTY, TEXAS

NOTICE TO CREDITORS OF ESTATE OF ETTA MAE CRUMP, DECEASED

Notice is hereby given that original letters testamentary upon the estate of ETTA MAE CRUMP, deceased, were granted to me, the undersigned, on the 13th day of February, 1974, by the County Court of Randall County. All persons having claims against said estate are hereby required to present the same to me within the time prescribed by law. My residence and post office address is 414 Thompson Lane, Canyon, Texas.

ROE CLIFTON CRUMP,
Executor of Estate of
ETTA MAE CRUMP, Deceased.

1tc47

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: SHERYL ANN DAVIS, Respondent, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th Jud. District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of March A.D. 1974, to Plaintiff's Petition filed in said court, on the 30th day of November A.D. 1973, in this cause, numbered 13,176-A on the docket of said court and styled IN THE MATTER OF THE MARRIAGE OF JACK D. DAVIS and SHERYL ANN DAVIS.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for divorce as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 25th day of January A.D. 1974.

Attest: LaQuitta Polvadore,
Clerk, District Court
Randall County, Texas.
By Nell Haws, Deputy.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

Going somewhere? Or been? The Canyon News wants to know about it — and so do its readers.

STATE OF TEXAS

To JOHNNY BERRYHILL, and to all whom it may concern, Respondent, GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, 47th Judicial District, Randall County, Texas, at the Courthouse of said county in Canyon, Texas, at or before 10 o'clock a.m. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of Wesley Lee Simpson, Petitioner, filed in said Court on the 19th day of February, 1974, against Johnny Berryhill, Respondent, and said suit being number 13,348-A on the docket of said Court, and entitled 'In the interest of Stephanie Leigh Parsons, a child, the nature of which suit is a request to terminate the parent-child relationship'. Said child was born the 1st day of March, 1973, in Amarillo, Texas.

The court has authority in this suit to enter any judgment or decree in the child's interest which will be binding upon you, including the termination of the parent-child relationship and the appointment of a conservator with authority to consent to the child's adoption.

Issued and given under my hand and seal of said Court at Canyon, Randall County, Texas, this the 19th day of February, 1974.

LaQuitta Polvadore,
Clerk of the District Court
of Randall County, Texas.

1tc47

THE STATE OF TEXAS

TO: ALFRED NAEOLE RICHARDSON GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 8th day of April, A.D., 1974, at or before 10 o'clock A.M., before the Honorable 47th District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 28th day of December, 1973. The file number of said suit being No. 13,222-A. Said suit being styled: IN THE MATTER OF THE MARRIAGE OF KARON JEAN RICHARDSON AND ALFRED NAEOLE RICHARDSON.

The nature of said suit being substantially as follows, to wit: Petition for Divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 19th day of February A.D., 1974.

Given under my hand and seal of said Court, at office in Canyon, Texas, this the 19th day of February A.D., 1974.

LaQuitta Polvadore, Clerk
47th District Court
Randall County, Texas
By Helen Azala, Deputy

County Hears Case On Proposed Junk Fencing

Even though they are virtually powerless to control it, Randall County commissioners have been asked by Amarillo city fathers to join with them in an effort to regulate junkyards in the county.

County commissioners, noting they have no power to pass ordinances or regulations, received a letter from Amarillo commissioners Monday afternoon and also heard a junkyard owner tell them the Amarillo proposals are too harsh.

Phil Haynes, owner of Texas Truck Parts, told commissioners a group of salvage yard owners will meet with Amarillo commissioners this week to discuss an ordinance which would provide for enclosing junkyards in fences but the fences would not be as strictly regulated as provided in two ordinances the city has proposed.

Haynes is to report back to commissioners on his meeting with Amarillo commissioners.

Commissioners also listened again Monday to presentations from microfilm dealers on machinery for the county clerk's office.

County Clerk LeRoy Hutton presented a proposed sheet of specifications to seek bids for about $21,000 in microfilm equipment and commissioners gave tentative approval to the specifications.

Bidding on the equipment will be postponed.

E.W. Landreth, engineer for the Santa Fe Railway, presented a series of plans and street engineering designs for approval by the commissioners for an industrial park just south of Amarillo on Washington Street.

The park, to be developed by Santa Fe, is to include about 230 acres of land.

Commissioners approved the plat of the project and gave a tentative and initial nod to the remainder of the plans for the project.

Prior to adjournment Monday, commissioners discussed briefly the amount they hope to spend on construction of a new South Amarillo courthouse annex.

A misunderstanding apparently developed between commissioners and Art Vaughan of Vaughan-McMorries & Associates of Amarillo, architectural firm.

Commissioners reiterated they plan to spend no more than $300,000 on the construction project.

Only about $300,000 more is expected to flow into the county's coffers from federal revenue sharing sources.

WTSU's Million Dollar Brain To Be Switched On Next Fall

November 1974 will begin a new era in university and regional computing services supplied by West Texas State University.

It is the proposed full operation date for WT's new DECsystem-1070, a million dollar computer system which puts the university in league with Harvard, MIT, Stanford, Oxford and Yale as far as computer equipment is concerned.

The installation of the DECsystem-1070 will provide a "huge change from the teaching and research view," noted Durwood Henderson, director of WT's computer services. The "university-oriented" system features operationally independent terminals which can be connected from both local and remote sites. Up to 60 students, researchers and administrators will be able to utilize the 24 million word on-line data base for their individual projects at one time.

A simple telephone call can put the operator of a remote terminal in contact with the system's features, which include instruction look-ahead, increased memory size and tremendous flexibility in instructional uses.

A student running a program will be able to see the results within one day, instead of up to three weeks as with the present computer system. "It will go as fast as the student," said Dr. Philip Gensler, head of WT's computer information systems.

Through a special priority access code, an operator can call up data and programs only for his specific need. Strictly controlled access to the memory banks is vital for confidentiality in a system which may ultimately contain a central data bank for Panhandle law enforcement.

Students will, with the proper code, however, be able to do math problems, or have almost immediate results from chemical analysis tests.

"Nobody within a 250 mile radius has as good of a system," said William A. Miller, WT instructor in computer information systems.

The new DECsystem-1070 should facilitate WT's handling of many regional services. In addition to doing work for WT, Randall County and the Panhandle Regional Planning Commission, the West Texas State University computer system supplies all data processing services offered by Region XVI Education Service Center. Around-the-clock operation enables the system to handle student class scheduling of 21,000 students from 24 campuses; the annual processing of over 125,000 report cards; attendance reporting for 24,000 students from 30 campuses; test scoring of over 10,000 standardized tests; and the annual processing of 82,000 payroll checks.

Crowder Publishes Chemistry Papers

Dr. Gene Crowder, West Texas State University chemistry head, has published five articles in five international scientific journals within three months.

Crowder noted that the studies will help in making predictions about chemical and structural behavior of more complex and compound molecules.

The research articles contain discussions of the interpretation of the vibrational spectra of several organic compounds, according to the chemistry head. Also included is information about molecular structure and its effect on the molecular vibrational frequencies.

"This was basic research to obtain more information of some of the forces in effect between atoms and molecules," Dr. Crowder explained. "It helps us to understand something about molecular structure and identification of compounds," he added.

These studies, Dr. Crowder said, were supported by a $30,000 research grant from The Robert A. Welch Foundation of Houston.

The most recent of these articles is "Vibration Analysis of Ethyl and Propyl," which was published in the "Journal of Molecular Structure." "Infrared Spectra of Heptaflourobutyric Acid and Some of its Esters" was published by the "Journal of Fluorine Chemistry." The third paper, "Vibrational Spectra of Two, Two-Dimethylpropanal" was released by the "Journal of the Chemical Society of London."

"The Journal of Molecular Spectroscopy" published "Infrared Spectra and Vibrational Analysis of Ethyl Iodide and some Deuterated Derivatives." The fifth article, "Vibrational Spectra of Trifluorothiolacetic Acid: Hydrogyene Bonding and Conformational Effects," was printed by the "Journal of Applied Spectroscopy."

The research included extensive computer calculations that resulted in a knowledge of the actual motion of the atoms involved in all the possible molecular vibrations, the doctor explained.

According to Dr. Crowder, two of these articles were co-authored by two WT graduate students "who have now completed their Master's degree," the doctor added.

The students were, Dr. Crowder said, Pote Poruettiangkura of Thailand who is now working on his Ph.D. at North Texas State University. Hsiang-Kuen Mao of Taiwan, is working on his Ph.D. at Ohio State University.

The chemistry professor published 14 articles in 1973, six of which were "co-authored by graduate students," Dr. Crowder said.

Hannas Welcome New Daughter

Mr. and Mrs. George S. Hanna, 2416 Sixth Avenue, recently greeted the arrival of a baby girl, Angela Kaye, born Feb. 8 at Neblett Memorial Hospital.

The infant weighed seven pounds, one ounce and measured 19½ inches in length at birth.

Maternal grandparents are Mr. and Mrs. Ross Roye of Borger.

Paternal grandparents are Mr. and Mrs. E.B. Hanna of Borger.

The father is a junior student at West Texas State University.

Boy Born To Wrights

Mr. and Mrs. Steve Wright, Rte. 1, Amarillo, are the new parents of a baby boy, Danny Wayne, born Feb. 10 at Neblett Memorial Hospital.

The infant weighed seven pounds 15½ ounces at birth and measured 20½ inches in length.

Maternal grandparents are Mr. and Mrs. Wade Myers of Walsh, Colo.

Paternal grandparent is Mrs. R.F. Wright of Muleshoe.

The father is self-employed as a farmer-rancher in the area.

LeGrands Greet Baby Daughter

Born Feb. 7 to Mr. and Mrs. Harry D. LeGrand of Amarillo was a baby girl, Cynthia Kay, who weighed six pounds, 14 ounces and measured 19½ inches at birth at Neblett Memorial Hospital.

Maternal grandparents are Mr. and Mrs. George Scearce of Amarillo.

Paternal grandparents are Mr. and Mrs. J.A. LeGrand of Amarillo.

The father is employed as a mechanic at International Harvester. The couple resides at 4700 S. Bowie.

CHS Wins Honors In Art Competition

The Canyon High School art department again came out with a goodly portion of the awards and prizes offered in the annual regional Scholastic Art Show, judging of which was held last Sunday at Western Plaza Shopping Center in Amarillo.

Of the 22 CHS art students represented with work in the contest, all received some kind of commendation, said Mrs. Royal Brantley, instructor of art at the school.

The annual art competition is sponsored by Scholastic Magazine and Western Plaza merchants in Amarillo. About 2,000 pieces of work by students throughout the Texas Panhandle were submitted into the contest.

CHS seniors whose portfolios were selected for exhibition in the New York Scholastic Art Show were Diana Davis, Steve McDaniel and Virginia Branstetter. Miss Davis was also winner of one Gold Key Award and two certificates of merit. Miss Branstetter's other submitted works received two Gold Key Awards and one certificate of merit. McDaniel received two Gold Keys and one certificate of merit.

Other CHS Gold Key recipients included Lynn Davis (2), Tom Grimes, Sandie Moore, Jo Beth Price, Ernie McBrayer, Sue Green, Diana Lee, Eric Van Pelt and Serena Morris.

Certificate winners were Tarri Bond, Christi Prichard, Karma Denton, Pat Cannon, Mike Hammons, Michelle Kelley, Debbie Moorland, Cynthia Aragon, Debbie Garrett and Susan Cox.

The winning works are currently on display in the Western Plaza mall.

City Lions Have Sweetheart Night

The Evening Lions Club met recently for a Sweetheart Dinner in the Buffalo Room of the East Dining Hall.

Featured speaker for the evening was Ed Flood, past District Governor for Lions International, district 2-T1, and present chairman of the district committee for the Lions' Crippled Children's Camp at Kerrville.

The meal was prepared by Saga Food with Wes Miller in charge.

Son Born To Locals' Son

Sgt. and Mrs. John M. Sims announce the birth of a son, Grover Wayne, born Jan. 21 at Ft. Hood in Killeen, Texas. The baby boy weighed 7 pounds, 9 ounces at birth and was 21 inches long.

Sgt. Sims is on temporary duty with the Army Recruiting station in Amarillo at the present time.

Maternal grandparents are Mr. and Mrs. Grover Coffey of Tulia, and paternal grandparents are Mr. and Mrs. M.B. Sims of Canyon.

CHS seniors Steve McDaniel, Virginia Branstetter (at easel) and Diana Davis will be getting New York City exposure for their art work soon. The three CHS art students submitted portfolios to the regional Scholastic Art Show in Amarillo which were selected to go to New York for the national exhibit.

Frys Parents Of Baby Girl

Mr. and Mrs. Larry Fry of 109 Loma Linda became the parents of a baby girl, Kristyn Michelle, born Jan. 12 at Neblett memorial Hospital. She weighed 8 pounds, 5 ounces at birth and measured 21½ inches in length.

Maternal grandparents are Mr. and Mrs. Horace M. Emmons of Fairfield.

Paternal grandparents are Mr. and Mrs. R.W. Fry of Guymon, Okla.

The father is a student at Amarillo College and is employed by H&H Sporting Goods of Amarillo.

Mr. and Mrs. H.W. Burrus

H. W. Burrus Couple Celebrates Anniversary

Many friends and relatives called at the home of Mr. and Mrs. H.W. Burrus, 2508 Tenth Avenue, Sunday afternoon, to celebrate the 45th wedding anniversary of the couple. Mr. and Mrs. Burrus were married Feb. 20, 1929 in Canyon. She was the former Miss Ruby Costley.

Hosting the occasion were Mr. and Mrs. Dennis Burrus, Amarillo, and Mr. and Mrs. Ray Burrus, Lipscomb. Dennis and Ray are sons of the honorees.

The refreshment table was centered with a blue and white floral arrangement of carnations, daisies and mums. Mrs. Dennis Burrus and Mrs. Ray Burrus served the guests.

Rennie and Devin Burrus, sons of the Ray Burrus, registered the guests as they arrived.

Local Exhibits In Barrow Show

A Canyon man is listed among 33 exhibitors who have entered hogs in the 1974 Production Tested Barrow Contest of the National Barrow Show in Austin, Minn.

Entries in the contest total 1178 and Glenn Tucek of Canyon is among exhibitors in the show. His barrow will be consigned to the St. Ansgar Test Station, about 15 miles from Austin.

News Brief

Leslie Ann Patterson of Canyon, earned a 4.0 average to make the fall honor roll at Stephen F. Austin State University in Nacogdoches.

Miss Patterson is a graduate student in communications. She was among 120 students listed on the all A honor listing.

GENE HOWE NEWS

Gene Howe Nets Talent Show Wins

By ERNESTINE HARP
Guest Writer

WELCOME HOME, TROYCE! Someone told me there are advantages to the slow life. Hang in there!

"SOUNDS OF MUSIC" was the name given an enjoyable Saturday evening. It was the 3rd annual talent show sponsored by Heritage Woman's Club. Our own Dan True was master of ceremonies. Our own Margie Phillips accompanied Canyon's John Brandon and our own Mrs. Jimmie (Marion) Marrs was chairman of the decorations committee.

SEVERAL GROUPS FROM Gene Howe were among the winners. Congratulations!

MISSES STACY HOWARD and Mary Mac Howard won 1st place in Division I (1-3 grades) with a $50 savings bond. These pretty ladies sang a duet, "Five Foot Two" accompanied by their mother, Mrs. T.E. Howard, on the piano.

KEVIN DOZIER DRUMMED out a 1st place in Division II (4-6 grades) and a $50 savings bond.

KELLI AND DARLA Campbell won 3rd place in Division II and a $5 gift certificate. They entertained with "Country Roads" as Kelli played the piano and sang while Darla played the tamborine and sang.

BECKY LINDSEY WON 3rd place and a $5 gift certificate as she played the piano in Division III (7-9 grades) with "Patriotic Medley."

Congratulations again to all these!

OTHERS PARTICIPATING FROM our area were: "The Unforgettables" with "Hey, Look Me Over," starring Gaylene Byrom, Debra Drost, Dena Harp, Sheila Hicks, Stormie Moreland, Carla Schmidt and Shelley Shenk; vocalist Cindy Turner with "Why Me Lord?"; pianist April Howard with "Music Medley"; "The Unknowns" with "One Tin Soldier," starring Larry Brown, Traca Cooper, Kevin Dosier, Shonda Palmer, April Howard, Terry Miller, and Tanya Stallings; pianist Christy White with "Somewhere My Love"; vocalist Shayne Sanders with "Ben"; and band with Fred Thomas, Phil Morris and Kent Davis with "Leaving On a Jet Plane."

Congratulations to all these who entered but were not considered winners by the judges but truly winners to us at Gene Howe.

THANKS LOADS TO Margie Phillips for her work with the groups above and beyond the call of duty.

PACK 130 BLUE and Gold Banquet has been changed from Feb. 21 to Feb. 26 at 7:00 p.m. at Gene Howe Cafeteria. Change this date on your calendar.

WEEKEND GUESTS IN the home of John and Glandene Shenk were friends from Lamar, Colo., Mr. and Mrs. Ronnie Anderson and boys.

ELEVEN WHACKS AND one to grow on was the program for Dena Harp as she celebrated her 11th birthday with a group of friends, bowling and slumber party. Those friends eating lots and sleeping less include Debra Drost, Shelley Shenk, Carla Schmidt, Stormie Moreland, Gaylene Byrom and Sheila Hicks.

GUY BUFKIN WAS in Kemp, Tex. this weekend to join in the 50th wedding anniversary celebration given his parents, Mr. and Mrs. J.L. (Jim) Bufkin. That's a long time. Congratulations!

ALEXIS HEFLEY WENT about her routine with a wounded thumb only to find out two weeks later that it was badly broken. After surgery Tuesday, Alexis will be home in a couple of days with skiing, tennis and basketball a fond memory for a while. May your recovery be speedy and complete Alexis.

PERFECT ATTENDANCE AWARDS are to be worked for but few take them as seriously as Greg Coronado who last week awoke from surgery on his arm, begging to go to school. Greg suffered a dislocated elbow and broken wrist playing with friends in his yard.

THE INGRAM FAMILY is having more than their share of accidents. Roby is back in school and getting use to the crutches he'll live with for a while. Tracy was thrown from a horse Sunday and is hospitalized with a fractured skull and concussion. Our prayers and best wishes go out to them.

TROYCE WILL BE back in the hall next week, we hope. It's been nice!

eh

Mrs. Lois Rice, representative of the Women's Division of the Canyon Chamber of Commerce, presents a $50 check to Mrs. Lloyd I. Watkins for "Operation Facelift," a newly-created project to beautify the West Texas State University campus.

Women Help To Aid Campus

Pursuing its new president's philosophy that "what's good for West Texas State University is good for Canyon," the Women's Division of the Canyon Chamber of Commerce presented a $50 check this week to a newly-formed WT group pledged to beautify and enhance the campus.

Mrs. Evelyn Trice, president of the women's division, told members at a recent meeting that "the WTSU campus and the city of Canyon can hardly be separated." She sees the WTSU beautification project as a possible launching pad for a city-wide "green thumb" program.

Lois Rice, chamber member and proprietor of the Furniture Galleries of Canyon, has been named by the division to investigate possibilities for a city-wide beautification program.

On Tuesday, Mrs. Rice, representing the Women's Division, presented a check to Mrs. Lloyd I. Watkins, who heads the newly-created WTSU Advisory Council on Campus Enhancement.

The WTSU organization will be officially launched at an announcement tea slated March 22 at the home of President and Mrs. Watkins.

Mrs. Watkins says the organization hopes to operate through private donations. The overall beautification project has been dubbed "Operation Facelift."

Ann Asquith, member of the advisory council, spoke to division members at the meeting on plans envisioned for landscaping and beautifying the campus.

In other business at their recent meet, the Women's Division discussed plans for a membership dinner slated March 5 at the Canyon Community Center.

Guest speaker for the event, it was announced, will be Mrs. Robert Pitts, president of Women's Division of the Plainview Chamber of Commerce.

Reservations for the dinner, priced at $2 a person, may be secured through any Women's Division member.

Committee chairmen named at the meeting included Mrs. Bill Kent, beautification committee; Virginia Cotten, public affairs; Mrs. Grace Knighton, fine arts; Mrs. Karl Rice, membership; Mrs. Don Max Vars, hospitality, and Ann Melin, publicity.

WT Netters Open Schedule

West Texas State University's tennis team opens its spring schedule with a 1 p.m. dual match against Amarillo College Saturday on the Memorial Park Courts in Amarillo.

Coach David Kent's Buffaloes were undefeated in fall play — winning the University of Colorado Invitational and the Oklahoma State University Doubles Tournament.

Wichita Falls senior Dale Corbin, who had such an exceptional fall season, will open the season playing in the number one singles position. Bill Marsh, senior from Arkansas City, Kan., played in the number one spot last spring when the Buffaloes won the Missouri Valley Conference title.

In fall play, however, Corbin defeated Marsh in the Buffalo ladder tournament and earned the number one position.

Snyder veteran John Phillips will play number three and Reno, Nev., freshman Steve Johnson is number four. San Angelo freshman Jay Goss is playing number five and Houston freshman Brett Hall is number six.

In doubles, Corbin will team with Johnson to play number one. Marsh will play with Phillips in the number two position, while Hall and Goss will form the number three team.

The Buffaloes travel to Hardin-Simmons for a dual at Abilene Tuesday on their way to the Corpus Christi Invitational, which opens Feb. 28 and runs through March 2.

Teams at Corpus Christi include five of the nation's 11 top clubs. Houston is ranked third in the nation, while SMU is ranked fourth, Brigham Young seventh, Trinity eighth and the University of Texas-Austin 11th.

Other teams entered are Texas Tech, Oklahoma City University, Texas A&M, Oklahoma, Baylor, Kansas, Rice, Pan American, Lamar and New Mexico.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

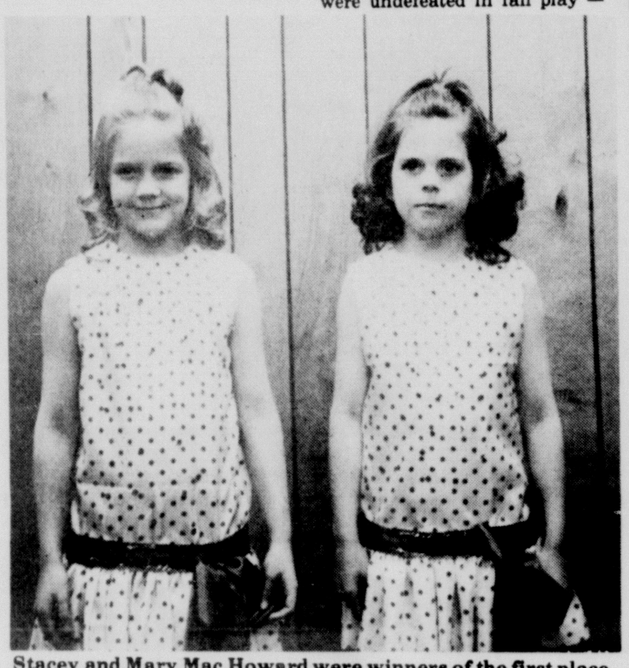
Lindsey Land and Cattle Co.



Stacey and Mary Mac Howard were winners of the first place prize in their division of the Heritage Club's "Sounds of Music" Talent Show held recently. The sisters, who sang "Five-Foot-Two," took top honors in the primary division of the contest, which included entries in the first through third grades.

CHS Tracksters Begin Season

A young Canyon High School track squad will travel to Plainview this weekend for their first meet of the season and Coach Ron Mills believes his team has a chance to bring home first place in several areas.

About half a dozen schools will be represented at the relays at Plainview on Saturday, among them Plainview, Snyder, Pampa, Borger and several Amarillo schools.

Mills said a main strength of the Canyon team is experience in the pole vaulting department with three returnees who have vaulted more than 13 feet each.

Scott Wilson, Craig Johnson and Garre LaGrone boost the pole for the Eagles and Mills expects one of them to come home Saturday with a meet record.

Wilson has vaulted nearly 14 feet in practice sessions and Johnson and LaGrone have vaulted well over 13 feet. Meet record is 13 feet.

Mills is also awaiting the return of stalwart discus thrower Bob Counseller, who is suffering an injured knee and is expected to suit out later in the season. Counseller has thrown 167 feet in the past and is expected to add punch to the local squad when he's back on the team.

Gary Bednorz, who won the district championship in the high jump for the last two years, is also expected to shine for Canyon. Brad Martin is another high jumper, who's suiting out for the first time on the Eagle team this year, who Mills anticipates will add points to the team totals.

Looking to district play, Mills said he believes Levelland and Perryton will field strong teams this year, but he said "our chances are as good as anyone's."

This year's varsity includes:

440 relay — Craig Johnson, David Anderson, Kevin Raef, Lyndon Brazile.

880 dash — Ron Mills Jr., Phillip Halstad, Kirk Schnack.

120 high hurdles — Russel Killingsworth, G. Holcomb, Stan Prichard.

100 dash — David Anderson, Craig Johnson, Adrian Foil.

440 dash — Lyndon Brazile, Adrian Foil, David Madewell.

330 int. hurdles — Stan Prichard, Russel Killingsworth, Don Thompson.

220 dash — David Anderson, Kevin Raef, Rusty Holliday.

mile run — Paul Griffin, Craig Bayless, Carl Coffelt.

mile relay — Phil Halstad, Ron Mills Jr., Kevin Raef, Lyndon Brazile and Adrian Foil.

high jump — Gary Bednorz, Brad Martin, Adrian Foil.

pole vault — Craig Johnson, ggarre LaGrone, Scott Wils0n.

shot put — Kelly Forehand, Rusty Holliday, Mark Prichard.

broad jump — Craig Johnson, Adrian Foil, Brad Martin.

discus — Rusty Holliday, Mark Prichard, Wayne Robinson.

Betty Crocker Award Given

Joanna Beagle of Canyon has been named Canyon High School's 1974 Betty Crocker family leader of tomorrow, according to information from the company.

Miss Beagle won the honor by scoring high in a written knowledge and attitude examination administered to local high school seniors in early December. She will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker search for leadership. She also is eligible for state and national honors.

State winners are judged on test performance and receive a $1500 college scholarship. Second-ranking student in the state receives a $500 scholarship.

Other Miss Canyon Pageant contestants pictured above, from left to right, are Brenda Stevens, Karen Tompkins, Tonya Hunter and Christi Prichard. Seated contestants, from left to right, are Carla Ratliff, Judy McBroom, Kelly Cox and Vanessa Cotton.

Performances Continue For "Madwoman"

Performances continue through Sunday for the West Texas State University production of Jean Giraudoux' "Madwoman of Chaillot."

Showtimes are 8 p.m. today through Saturday, and 2 p.m. Sunday in the WTSU Branding Iron Theatre.

Tickets are priced at $1.50 for adults and $1 for non-WTSU students and faculty. WT students will be admitted free with presentation of current activity card. Box office hours are 10-12 a.m. and 1-5 p.m. through Friday, and one hour before each curtain time.

The play, in translation from French by Maurice Valency, revolves around a delightfully eccentric Parisienne who attempts to foil plans by big businessmen and speculators for tearing up the city's Chaillot section to get at the oil they believe lies beneath it.

Direction is under William Angus Moore, WTSU drama department head. James Kemmerling is technical director for the show. Costumes are by Penny O'Keefe of Amarillo.

Neva Chowning, six year veteran of the Paul Green musical drama "TEXAS" as well as numerous WTSU productions, is cast in the role of Countess Aurelia, the Madwoman of Chaillot.

6 AAAA Teams On '74 Slate

Six AAAA football teams from the area head off the list of teams the 1974 version of the Canyon Eagles will play when they open their season next fall.

Monterrey of Lubbock is the first opponent for the football Eagles in a home game on Sept. 6.

The Eagles then meet Borger, Caprock, Hereford, Pampa and Palo Duro in AAAA clashes.

Last year, the Eagles played five AAAA teams.

The AAA Eagles then take on their own district foes when they open district play against Dumas on Oct. 18. The 1974 season ends Nov. 15 against Levelland.

Good Luck

3 Places Open On Hospital Board

Three places on the South Randall County Hospital Board are up for election this April and board members passed on the mechanical aspects of the election at their meeting Monday night.

Places on the board now held by Raymond Batenhorst, Mrs. Nolon Henson and Floyd Tomlinson are up for election on April 6.

Terms are for two years.

The election will be in the Canyon Community Center with Bill Davis as judge and John Womack as alternate.

Absentee balloting begins March 18 at Neblett Hospital.

Filing for election must be accomplished before March 6. Those wishing to run for a place on the board must file a petition with more than 10 names affixed with either Administrator Ray Grimes or with Mrs. Henson, board secretary.

Benefit Game Set Saturday

Big Brothers of Canyon will benefit from a basketball game set at 7:30 p.m. Saturday at the WTSU fieldhouse in Canyon.

Members of the Amarillo Department of Public Safety will play disc jockeys from Amarillo radio stations in the benefit game.

Tickets will be 50 cents for all persons. Refreshments will be available at the fieldhouse.

All proceeds from the basketball game will go to the local Big Brothers organization.

All local residents are invited to the game.

Happy News

Jaycees Planning Annual Auction Saturday

By MARY NEAL HENRY

HAPPY JAYCEES ANNUAL auction is Saturday, at Toles Memorial Park (the baseball field). They will begin the big sale about 11 a.m. Be sure and be present. Items may be consigned for sale right up until sale time.

HAPPY JAYCEE-ETTES WILL open the concession stand that day — so you won't miss anything and get to eat lunch too. They'll be serving steak sandwiches, chips, fritos, fried pies, spudnuts, soft drinks, cocoa and coffee.

WE HAD A rain shower on Thursday night — an encouraging phenomenon. It has been so long since we've had any moisture in this country, that it was a welcome sight and sound.

BUD COX SUFFERED a stroke on Monday at his home. He was taken to Swisher County Hospital. Ruth Alice Odom flew in from California on Tuesday to be with her dad.

FRANK WALTERS SUFFERED a broken ankle a few weeks ago while out working. Frank went ahead and fed the cattle — even carried a couple of sacks of cake; attended to some out of town business; and finally decided that all was not well. By that time he could scarcely get his boot off. The cast covers much more than his ankle. He hopes to have a walking heel in a few more weeks. Right now, he has a walker, crutches and wheel chair.

MRS. PATRIEL PARKER has been hospitalized in Lubbock.

DON FOSTER WAS admitted to High Plains Baptist Hospital on Tuesday afternoon for hip surgery on Thursday morning.

COLLEEN SCHAEFFER WAS taken to St. Anthony's Hospital on Sunday morning. X-rays and tests were made on Monday.

KENNETH EDMONDS, 76 years old, died on Wednesday afternoon, Feb. 13th, at the Veteran's Hospital in Kerrville. Kenneth is survived by a wife, one son and two grandchildren; three brothers, George and Harry of Happy and Roy of San Antonio; and two sisters, Velma Greenfield of Happy and Wilma Holt of Amarillo. Services were held on Friday afternoon, Feb. 15th, at the funeral home chapel in Kerrville and burial was at Ingram Cemetery. All of the residents from Happy attended.

OUR SYMPATHY, TOO, to the family of Roma Sprawls Payne. Roma died on Tuesday morning, Feb. 12th, and was buried on Thursday, Feb. 14, in Canyon in Dreamland Cemetery. Services on Thursday morning at LaGrone Funeral Chapel were conducted by Dr. Strauss Atkinson. Pallbearers were Alfred Hamblen, Benny Cooper, Billy Black, Tom Gooch, Monroe Wood and Johnny Robinson.

ROMA WAS A member of the First Baptist Church, the Eastern Star, the Porcelain Arts Club and a sewing club. Roma was a very talented person. She is survived by her husband, Travis; two sons, Bill of Bossier City, La.; two daughters, Joyce Patching of Happy and Joan Hamblen of Canyon; and ten grandchildren. Also, four sisters and three brothers.

HAROLD EAKES' MOTHER, Mrs. Ottie Eakes of Chickasha, Okla., died last week. Mrs. Eakes had been in a rest home in Chickasha and also had a daughter living there.

CHARLENE AND RICHARD Hunter of Dimmitt have a baby girl. She was born in Neblett Hospital Feb. 12th and weighed seven pounds and two ounces. (The name seemed to be a bit of a difficult decision, but the young lady should have a name before my next deadline). Charlene and Richard also have a son, Rodney, ten years old, and a daughter Charlynn, who is five years old. Charlene Hunter also had surgery on Friday morning of last week for an appendectomy.

HAPPY JAYCEE-ETTES' PROJECT in which they sponsored a blood donation drive in Happy was a success. Twenty-seven pints of blood were given during the afternoon at the Happy Jaycee Hall. Jeanne Johnson was chairman of this project. I received my card already and according to this blood policy, blood will be available to my family. The premium is only one pint a year. Do you have a blood policy? It may save your life.

JOANNA HURST OF Tulia spent Friday with Angelique Henry.

JERRY WOOTEN, WHO works at Pantex (where my sis, Frances, also works), recently went on a fishing excursion to Victoria, Old Mexico, with two of his friends. They caught six hundred bass in three days. (That's happy news and should interest Canyon folk).

PAULINE AND WOODROW Wesley dropped by for a visit on Sunday evening.

CHARLOTTE WEAVER, JUDY Shipman and Jeanne Johnson were in Lubbock (wishing) on Monday, a legal holiday.

ONE OF OUR calendars has Washington's birthday on it and "Traditional" written on the 22nd. Angelique asked me what that meant. Changing Washington's birthday has added a word to her vocabulary.

ABOUT SIXTY PERSONS attended the adult Valentine Banquet in Fellowship Hall at the First Baptist Church on Wednesday evening of last week. Brother Paul Heil pronounced the Invocation and welcomed the group. LaNelle Todd and Jayne Weeks led the group in a singalong and later sang several special numbers. They were accompanied by Phoebe Heil. A Daisy skit was given by Wanda and Adrian Bates. Adrian visited Wanda in her home, she thought to ask for her hand in marriage, but he finally got up the courage to ask Wanda for the pattern to her mother's petticoat.

RUBY AND FORREST Vise portrayed a couple having difficulty over the husband having been late to a meal that should have been served on time. They were very good also.

WILLIE BUTLER READ the poel "LOVE" by Roy Croft. And Brother Paul closed the banquet.

NOVALENE TOLES, WILLA Jane McManigal, and Myra Nell Culp were the decorating chairmen. Bell Cabe was responsible for having planned the menu. I know she had help because Jeanne Johnson called me.

RUBY VISE RECEIVED recognition for having donated over a thousand hours of service at the recent High Plains Baptist Awards Banquet for volunteers. She is now working on her fifteen hundred hour award. These women perform a dedicated service given in love. They also have donated some expensive equipment to the hospital which they themselves purchase with donations.

ANITA SCHOENENBERGER HAS announced her engagement and coming marriage to John Andrew Wines, Jr., son of Mr. and Mrs. John A. Wines, Sr. of Lubbock. Anita belongs to Aurelia and Albert Schoenenberger. The wedding takes place in the Holy Family Church in Nazareth on May 28th. Anita will finish a two year secretarial course at WTSU this spring. Her fiancee is a sophomore at WTSU majoring in Animal Science.

ADRIAN AND WANDA Bates' Peggy and her husband were in Happy visiting over the weekend.

EULA AND T. J. Bonds had their son, Kenneth, and his wife and two daughters, Darla and Treva of Dumas in the Sunday morning services with them. Kenneth and Gaynell always bring Tammy Bonds, Eula and T. J.'s GREAT granddaughter, when they come. And they were a happy family. Tammy is Lloyd Bond's granddaughter. They also live in Dumas.

T. J. BONDS' two sisters, Mattie Elrod and Laura Ponder from Wildorado spent Sunday night with Eula and T.J.

MIRIAM COOK LEFT Monday to return to New Jersey with her daughter, Jean McArthur. Mrs. Cook will be staying with Jean for a while.

TOMMY FORSYTH HAS been accepted for medical school in Galveston.

SKIP AND LARRY Simons moved this week — less than a mile away. Lucky!

THE ALBERT NULLS have purchased the R.H. Hurst home just east of Happy. Squad and Beaulah plan to build them a home in the east part of Happy (within the city limits, that is).

PHYLLIS BRADLEY SPENT Sunday evening with her parents in Happy. We ate lunch together on Monday.

RUTH AIKENS AND Eula Bonds were shopping Sunset Center on Monday.

HAPPY JAYCEE-ETTES CONDUCTED the Heart Drive in Happy on Sunday afternoon. They collected about $280 but many people weren't home. They ask you to please send your donation to Heart Fund, Box 161, Happy, Tex. Judy Shipman and Della Venhaus were chairmen of this project.

RUTH SIMS HAS been included in the Personalities of the South in American Biographies. This is quite an honor. Congratulations, Ruth! I will find out more about this.

THE FHA CHAPTER of Happy High held its annual Sweetheart Banquet on Saturday evening at the school cafeteria. The menu for the evening was turkey and dressing.

"AN EVENING IN PARIS" was the theme and the decor was carried out throughout the cafeteria. Eighth grade students who served were dressed as French maids and waiters.

SENIOR PARENTS GAVE a reception just before the banquet in the small gym in the high school. The appetizer was served at the reception and pictures taken.

BURL SIMS GAVE the Invocation. Jini LaRoe, FHA President, welcomed the guests. Kyle Todd, FFA President, responded to the welcome. Barry Stevens entertained with his singing. He was accompanied on the piano by Karen Hinton.

DANA CHEEK RECEIVED the Betty Crocker Award. Announcement was made by Mrs. Lee Moore, the FHA sponsor.

PEGGY McGAVOCK, PROGRAM chairman, crowned FHA Beau Tommy Tipps.

JINIE LaROE, IN behalf of the FHA Chapter, presented Mrs. Moore a gift of appreciation.

SANDY MORGAN ENTERTAINED the Thursday Bridge Club members with luncheon and bridge in her home on Thursday of last week. She served lasagna, hard rolls, broccoli with hollandaise sauce, citrus jello salad, green salad, and millionaire pie to members, Connie Johnson, Jan Irlbeck, Sara Tirey, Skip Simons, and herself and guests, Linda McDonald, Helene McFarland, and Annette Byrd of Tulia. Jeanne Johnson dropped by to play a few hands before going to the school to serve refreshments for Jay Wade's valentine party.

FAYE AND FOSTER Parker and Lila and James Vick returned last Thursday morning very early in the morning from their trip abroad. They traveled to Rome and toured the ruins and St. Peter's Church. The art and wealth in that area is breathtaking. Florence, the leather capitol of the world was another destination, as was the Isle of Capri. They toured churches, a cameo factory and even took in a wedding at one town. Here they learned some of the customs of the people. The people were friendly and were pleased that Americans were visiting their land. On the way home they refueled in Shannon, Ireland, another beautiful place. They shopped about an hour there. About 170 people from the surrounding area were on this tour.

MONDAY EVENING AND Tuesday, the Old Mexico travelers arrived home. About 178 persons were on this tour. It included residents of New Mexico, Oklahoma and Colorado, as well as Texas, but most were reported to be from Texas. Bernice and Henry Hamblen, Vivian and George Woods, Vera and Bill Eubanks, Leona and Merl McFarland, Pat and Bob Hargrave, Myra Nell and Everette Culp and Willie and John Butler were among those who toured the pyramids and museums, saw the world champion bull fight featuring Martinez, and attended banquets every evening. They reported the food delicious, the service exceptionally nice, the rooms lovely and the shopping centers very interesting. Due to the fuel crisis, some were late arriving home.

JOY AND BOB Stephenson of Lubbock visited in Wayside and Claude over the weekend.

BETTY AND DAVID Lane will be moving to Clarendon this spring where David plans to help his dad farm.

THE TRI-STATE HIGH School Rodeo Club met on Monday evening.

LEGI GRUBB WAS initiated into the Happy Rainbow Assembly in formal ceremonies on Monday evening. Louese White, Jan Whitlow, and Susan Cope served refreshments.

THE ANNUAL FATHERSON Masonic Banquet at Happy is Saturday evening Feb. 23, at half past six. All you OES members remember to send your pie so that they'll have plenty of dessert.

See ya!
Mary Neal

Phi Delta Theta Gives Blood

Members of Phi Delta Theta social fraternity from West Texas State University donated blood at the Coffee Memorial Blood Bank in Canyon for a Hereford woman who has been hospitalized in Amarillo since before Thanksgiving.

Mrs. Bob Ginn has been in intensive care in St. Anthony's hospital since surgery for a brain tumor which left her partially paralyzed.

Members of the fraternity donated 50 pints of blood so that Mrs. Ginn could receive 25 free pints of blood. Pat Swindell, the scholarship chairman for the fraternity, said he learned of Mrs. Ginn's condition through his family in Hereford. He said that expenses for her treatment are high and the fraternity wants to help by donating the blood.

Fiolas Parents Of Baby Girl

Mr. and Mrs. Joe Fiola of 1602 2nd Ave. recently became the parents of a baby girl, born Feb. 18. Jori Elizabeth weighed 7 pounds, 13 ounces at birth and was 21 inches long. The baby was born at 12:35 p.m. at Neblett Memorial Hospital.

Miss Canyon Pageant contestants, standing, from left to right, include Elaine Raemakers, Becky Blewitt, Diana Davis and Marcie Davis. Seated contestants include, from left to right, Brenda Oliver, Tammy True, Laura Davidchik and Terri True. Deadline for entry in the contest was Wednesday. The pageant is slated March 9 in the Canyon High School Auditorium. The fifth annual affair is being presented under auspices of the Canyon Study Club.

UMBARGER NEWS

Farm Bureau Meeting Friday

By REBA RAEF

HELLO, AGAIN, FROM Umbarger.

THE FARM BUREAU will hold a meeting in the community building on Friday evening at 8:00. The program will be presented by Dr. B.A. Stewart, from the Experimental Station at Bushland. The program will be on the use of manure for farm fertilizing. All interested persons are invited to attend.

MR. AND MRS. Vincent J. Meyer have returned from Los Angeles, Calif., where they attended funeral services for Mrs. Meyer's aunt, Mrs. Rose Nash. While there, they visited with other relatives in the Los Angeles area. They made the trip by plane. Our sympathy to Mrs. Meyer.

LAST SUNDAY AFTERNOON, some thirty 4-H club members had a skating party at the Jubilee skating rink in Amarillo. They reported a good time and would like to say "thanks" to the parents who provided the transportation for the group, the Milton Suthers, the Bernard Hartmans, the Bert Wilhelms and Leonard Batenhorst.

PAUL FERGUSON HAS returned from Springfield, Mo. Paul was there to be with his father, who had surgery at St. John's Hospital. Mr. Ferguson is recuperating satisfactorily. Paul left here on Monday and returned on Thursday.

TWO MORE UMBARGER residents are in area hospitals. Jake Keeling is a patient in St. Anthony's Hospital, after suffering a heart attack at his home.

Eddie Huseman is a patient in Neblett Memorial Hospital in Canyon. We wish a speedy recovery to both men.

MRS. BEN KOCH has returned from Dalhart after spending several days in the home of her daughter, Kay Przilas and family. Kay had major surgery and Helen went up to help with the grandchildren.

JOLETTA ADAMS, DAUGHTER of Darroll and Mary Adams, and three little friends won third place in the "Sounds of Music," presented by the Heritage Woman's Club on February 16. The other members of the group are Leslie Chumbley, Ruth Griffin and Melissa Yowell. They are dance students of Barbara Tucek. Our congratulations to the four.

DWIGHT BRANDT, SON of the Jack Brandts and Shelia Jones, daughter of the Tom Payne's both made the Dean's honor roll at Texas A&M University. They both won the Outstanding Student Award for this past semester. Congratulations to the students, as well as the parents.

OUR SINCERE SYMPATHY to Helen Batenhorst and Armella Wieck, whose father, Joe Reinart passed away last Monday in Deaf Smith County Hospital in Hereford. Mr. Reinart was a long-time resident of Hereford.

SUNDAY AFTERNOON GUESTS in the Bill Gerber home were Tom and Joyce Gerber and children from Dalhart, Mrs. Josephine Ball and Urban Ball from Nazareth and Suzanne Gerber and children from Dumas.

SUNDAY DINNER GUESTS in our home were Lewie, Jr. from Pampa and Don and Gracie Raef and children, from Amarillo.

WE HOPE THAT our sick people all get out of the hospital this week. We think we've had our share of illnesses.

IF YOU HAVE news for me, please give me a call at 499-2164.

NEWS BRIEF

Parents of Canyon High School seniors are asked to attend a special meeting slated at 7:30 p.m. Monday in the school cafeteria.

A discussion of end-of-school, parent-sponsored activities for seniors is planned for the session, a spokesman said.

Duets, Solo Performances Take Top Honors In Show

A sister duet, a drum solo, and a solo accompanied with a guitar took top prizes in the Heritage Woman's Club "Sounds of Music" Talent Show which was held last weekend.

Taking first prize in the primary division, grades 1-3, were Stacy and Mary Mac Howard, with a duet of "Five Foot Two." Pianist Jenny Reeves won second prize, and Joletta Adams, Leslie Chumbley, Ruth Griffin, and Melissa Yowell comprised the "Happy Hippos" in a dance routine to take third place.

Winning first in the junior division, grades 4-6, was drum soloist Kevin Dozier. Another sister act, a ballet by Anne and Meg Reeves called "Sisters' Rivalry" won second place, and another sister duet of "Country Roads" by Kelly and Darla Campbell won third place.

Mark Murray took top billing in the senior division, grades 7-9, with his solo of "If You Could Read My Mind." Mark accompanied himself on the guitar. Shawn Tankersley and Kim Landrum won second place with a twirling duet and pianist Becky Lindsey won third.

All first place winners received $50 savings bonds. Second place brought $10 and third, $5.

Providing prizes for the contestants were the First National Bank, West Texas State Bank, Panhandle Savings and Loan, Williams Et Cetera, Anthonys, Tweedledee, Wirt Electric, White's Auto, and Western Store. Door prizes were given by Thompsons and Carl Hollabaugh.

Serving as judges for the talent show were Lewis Unger, choir director at Fannin Jr. High in Amarillo, John David Bryant, vice-president of the First National Bank in Hereford, and Marjorie Wilson, director of music at the Sunrise Elementary School of Amarillo.

Amarillo television weatherman Dan True was master of ceremonies for the event.

About 350 persons attended the show.

Shouldn't You Be?

Select Your Quality Home Furnishings from:

the Furniture Galleries OF CANYON

Downtown Canyon 655-2527

"To save energy and money this summer . . . cool your home with Gas Central Air Conditioning.

You save with a gas system because it's a more efficient energy user than its electric counterpart. It's more efficient because gas, unlike electricity, is a direct source of energy. You don't have the energy loss that occurs in electrical generation and transmission.

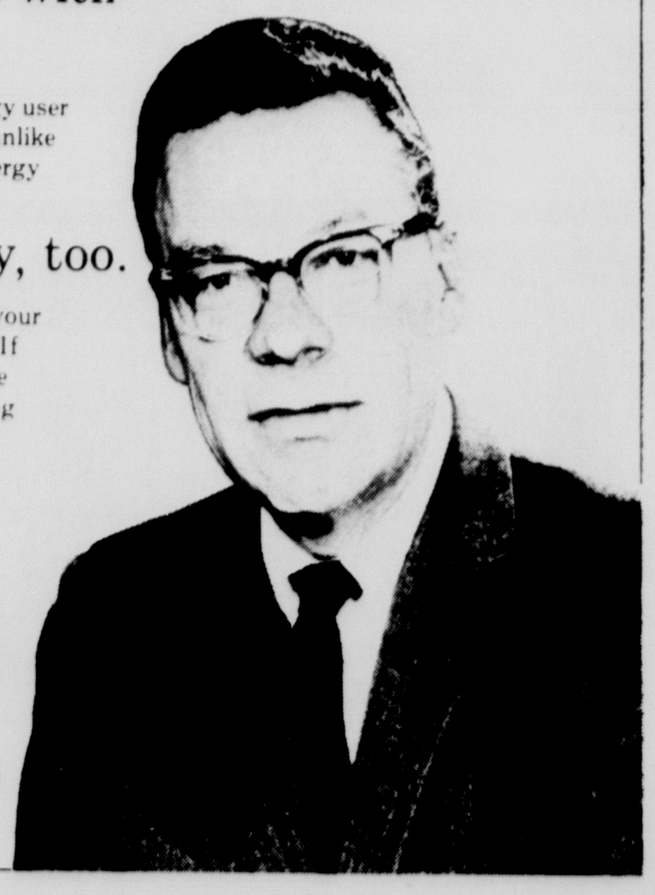
We help you save in another way, too.

In addition to determining the exact cooling requirements of your home, our cooling specialists also check your attic insulation. If it's insufficient, insulation is added and included as part of the job. Proper insulation saves energy and money for both cooling and heating.
So, beat the summer rush.

CALL US NOW FOR A FREE COOLING SURVEY AND ASK ABOUT SPECIAL WINTER TERMS.

PIONEER NATURAL GAS COMPANY

Also, if you're buying or building a home make sure it's a Natural-Energy Home with Gas cooling and get more for your energy dollar year 'round."



Palisades Palaver

Banishing The Blahs One Step At A Time

By MILDRED TURNER

HOW ABOUT THAT! My name was spelled Milder last week. Sure hope I live up to it! I got a phone call which asked me why I didn't wait until March to change my name? My reply was that we were already having March weather. I think the last few days have just been wonderful. I was watering on Tuesday and noticed a whole tree full of robins besides all the other bathing beauties. It is not unusual for robins to be here in the canyon a long time before spring really arrives. The tiny birds who occupy the small house on the front porch are already looking and sitting on the little porch singing, so will probably start that nest before long. Anyway, I am so appreciative of the mild warm weather we have had compared to years gone by. As for my name it was only a mis-print, sorry to disappoint you!

I'VE GOTTEN PHONE calls saying "I like your column best when you are serious and write a poem." One neighbor called and said, "I like your column best when you are crazy so just keep it crazy." A man from Canyon called and said, "When you're serious, you are too serious and when you are crazy, you're too crazy," so I asked why he bothered to read the column then since it is about the people in Palisades or their worlds? His reply was to see what sort of mood I was in! He sounded young and when he asked my age I told him I was old enough to know better! Well, anyway, I figure this is better than no phone calls at all! I like to know how you feel. I got phone calls and letters from all over Happy, Canyon and out in Pleasant Valley the week I had the bird house seed. I mailed out a lot of gourd seeds and had fun with all of you, though most of this came from "outside" Palisades. If I miss a week of writing I get more phone calls than when I write so I miss now and then so I can get a few phone calls, and mostly they are wonderful.

JERRY AND CINDY Carlile were in from Lubbock for the weekend.

SARA AND JOHN Bowie got back from vacationing in Dallas and points south and east of there. They had a wonderful time. They bought some ninety-one acres and were all excited telling us about it. I've got to find out exactly where it is. Poor Heath and I were sick and didn't get to do near all the things we planned to do. He came and crawled in bed with me nearly every night, carrying a book and other toys. You haven't lived until you wake up looking into the large black beady eyes of a teddy bear! We are all well and going strong now and the Bowies returned home on Saturday.

THE SWEETHEART BANQUET at the church was a real success according to those attending. There was turkey with all the trimmings, plus the lovely dishes brought in by everyone. I was planning on going but after Sara and John came in, we all went to a family affair at Judy's and Gene's where Judy served her specialty "Mexican Food." We (girls) played Skip Bow while the men watched TV and visited. I do hope the church will have another banquet soon. How about a "St. Patrick Banquet"?

THERE WAS A birthday party for Granny Turner out at the Medical Drive Convalescent Home last Sunday afternoon, but was nothing like last year's party. Garland was in the hospital, as well as three nieces had either been in or just out, so sickness kept several of the kinfolk away. Mrs. Benny Turner and son Roger, Mr. and Mrs. Johnny Vigil and son Johnny III, Johnny Garcia, Sheree, Janet Turner, and Danny Mullins were there. Danny played "Happy Birthday" for every one to sing and continued playing softly during most of the party and while refreshments were served. She was 74 years old.

I JUST NEVER get the "blahs" but remember here awhile back when I did? This poem came to me in the middle of the night after I went to sleep with the 23rd Psalm on my mind. So will share it with you.

ONE STEP AT A TIME

As down life's path we tread each day. . .
Jesus will lead us each step of the way;
Our day can be drab of a colorful hue;
Depends on who's leading; your point of view.

When the path gets narrow and the way grows dim,
"And what about tomorrow?" I always ask Him.
"Don't fret about tomorrow, I'll always be near;
If you will only trust me, you will have no fear."

Oft times He whispers "Peace, be still. . ."
In the stillness imparts strength for the hill.
When I ask, "What lies around the bend?"
He whispers for me to just "trust in Him."

"Because He lives, I can face tomorrow"
He is my courage in times of sorrow;
Because of Him, my life is complete,
Because in Him there is no defeat.

So. . . I'm following Jesus, one step at a time,
Completely trusting. . . in His love divine. . .
He's my refuge, my joy, my sunshine each day,
My love, my song, each step of the way.

January 17, 1974
Mildred Turner

Now, don't ever let the Blahs get you, but if they should, don't keep them!

Love u,
